Kia ora Koutou,

We started this week having a great time in assembly, where we were privileged to announce three new leaders, Preston, Jade and Sharnequa. It was really neat to see the support and encouragement these three new leaders received from teachers, whanau and their fellow students. A new element was added to the house challenge this week also. Three of our teachers kindly volunteered to take on our challenge wheel, participating in a plank challenge. Well done Mr Bailey, winning points for Hyde. Next week we will include school leaders to see how they stack up against the wheel.

A couple of things we have noticed over the last week or so, as a school, we ask for your assistance with;

We are continuing to notice and remind families that cars are not to use the front drive way (in front of our gate), to drop off and pick up children. It is a convenient spot, but also an incredibly dangerous one, especially for children walking on the footpath and road patrollers. This manoeuvre often disrupts traffic flow, confusing the children who are manning the patrol.

With the colder weather setting in, please ensure your child's uniform jerseys are clearly named as we have a rather large collection mounting in our hallways, classrooms and lost property. We are doing our best to return named property to children. There are a few jerseys creeping in which are not part of our uniform, we ask that children attend school wearing correct uniform please.

Walking through classrooms this week, I have seen coding and robotics - using algorithms, pb4l lessons Te Reo lessons (both of which have had junior and senior students creating awesome movies to display their learning) some FANTASTIC writing, rich maths tasks and some extremely engaged readers with teachers and one another. A very heartwarming sight is when our buddy classes get together for Tuakana-Teina sessions!

Our Barefoot 7s team represented Mayfair School on Wednesday at the inter-school competition. Again we are proud to report we have had positive comments and feedback around the sportsmanship and conduct of our students. These events, particularly sporting trips require a lot of organisation, particularly around consent and planning. We want to thank Annie Riley for the amazing effort she has put into these sporting events of late. It's a big job and takes a lot of extra time and effort that we truly appreciate.

Lastly our school app is ready to launch. If you download this to your device then you will have access to an absentee line, contacts, learning and other links, calendar, newsletter, sports and alert messages and reminders.

You can download this at <http://mayfairschool.apps.school.nz/share/> or by scanning the QR code below.
