Tena Koutou,

What an awesome week of weather we have had. It has been awesome to see the kids out and about running around.

The Barefoot 10s rugby team had an awesome win over the Mahora team and played in the spirit of the game. It was great to see them play to the best of their abilities and not hold back from a much larger team. Of highlight was Manaki's bunt of the biggest player I have seen in the competition. Well done to you all including our new students.

We have had a number of new students start at Mayfair School during my time away and this term welcome to Luca Sutherland, Mia Haerewa, Daniel Akbari, Romeo Tonga, Gunjanj Virk and Kahn Paniora-Brown.

There is the teacher strike on the 15th of August that may be annoying and frustrating for some. The purpose of this strike is very clear. It is about pay and paying teachers appropriately. In my career I have never been part of a strike. What I have seen are teachers not being treated as professionals. Some of the best teachers and principals have left New Zealand as they have compared the conditions, effort, support for learners and pay compared to overseas or have left the profession entirely. This must stop. We have stayed in New Zealand because we love our country, kids and this community. Thanks to those that will pop in for a korero after school. Miss Larwood is the school representative and wanted the community to come and talk about the strike rather than for you to see it on T.V.

With so many new families, Mrs Edmonds and I are collecting parent voice and have been at the gate collecting this information. We will be there again this afternoon doing the same. Please take a moment to help give us vital feedback to make a difference for your child.

Have an awesome weekend.

Regards
Ricardo Fox
Principal
